Education

Shahjalal University of Science and Technology, Sylhet., BSc in Software Engineering March 2022 – present

Professional Experience

LogiQbits Limited – Software Engineer Intern December 2025 – present

- Currently interning as a Software Engineer, gaining practical experience in professional software development workflows and industry practices.

Technical Skills

Languages: C++, JavaScript, Java, Python, Go, SQL

Frameworks & Libraries: Next.js, Node.js, Express, PyTorch, React

Tools & Platforms: Git, Docker, Vercel, Figma, Kaggle, MySQL

Concepts: Object-Oriented Programming, Machine Learning, Algorithms, Data Structures

Projects

GreenTop E-commerce – Full-Stack Developer

[🐙 GitHub](#)

- Developed full-stack e-commerce platform with product listing, cart, and secure checkout.
- Built frontend using **Next.js** and **Tailwind CSS**, CMS powered by **Sanity**.
- Implemented authentication with **Clerk** and payment processing with **Stripe API**.

Movie Recommendation System – ML Project

[🐙 GitHub](#)

- Built content-based recommendation system using machine learning algorithms.

Research Experience

Stroke Prediction Using Hybrid ML Models – Undergraduate Research August 2025 – Present

- Investigating stroke risk prediction using **Random Forest**, **Decision Tree**, and ensemble methods.
- Designing hybrid classifier and ANN architecture with feature selection.

Achievements

- **NASA Space Apps Challenge 2023:** Selected among Top 50 teams globally.
- **Techfest IIT Bombay:** Competed in Mud Rover challenge at national level.
- **Competitive Programming:** Solved 500+ problems on Codeforces with 155-day streak.
